```

```
13
 1
            Α.
                   No.
 2
                   Okay. When you left HBC in May
            Q.
 3
      of 2015, was that -- was that a voluntary
      decision on your part?
 5
            Α.
                   It was.
 6
                   The role of distribution
 7
      operations manager, did you have essentially
      kind of overall supervisory responsibility
 8
      for all operations of the warehouse?
 9
10
            Α.
                   Yes.
11
                   And your counsel almost
            Q.
12
      objected. That reminded me just as a process
13
      point. There may be some objections to
      questions that I ask today, and if there are,
14
15
      unless your counsel instructs you not to
      answer, you understand that you will go ahead
16
      and try to answer my question?
17
18
            Α.
                   I'll try.
19
                   Okay. So the operations of the
            Q.
20
      HBC warehouse, as I understand it, it was
21
      only a portion of the overall warehouse that
22
      was identified and specific to the
      pharmaceutical distribution piece, correct?
23
2.4
            Α.
                   That's correct.
25
                   And within that pharmaceutical
            Ο.
```

```
14
 1
      distribution piece, there was also a separate
      defined area that was secured for controlled
 2
      substances; is that true?
 3
            Α.
                  It is.
                   Okay. But in terms of the
            Ο.
 6
      entire HBC warehouse, the pharmaceutical and
 7
      controlled substances part of that warehouse
 8
      was a relatively small part of the entire
      warehouse; is that true?
 9
10
            Α.
                   That's correct.
                   Okay. I asked you if you'd had
11
            Q.
12
      any, I think, training or experience prior to
13
      HBC with -- dealing with distribution of
14
      pharmaceuticals or controlled substances, and
15
      you said you had not, correct?
            Α.
                  That's correct.
16
17
                   Do you recall any education --
      and I'll ask you a little bit about your
18
19
      education here in a second, but had you had
20
      any education concerning Federal laws or
21
      regulations concerning controlled substances?
22
                   MR. KOBRIN: Object to form.
            Do you mean formal education or job
23
24
            training, anything?
25
                   MR. BARTON: Well, yeah. I
```

```
15
 1
            mean, really anything.
 2
      BY MR. BARTON:
                   Anything you would consider
 3
            Q.
      education, whether it be formal education or
 4
      education through job training or anything.
 5
 6
            Α.
                   Prior to getting to HBC?
 7
            Q.
                   Correct.
 8
            Α.
                   No.
                   Let's -- let me ask a little
 9
            Q.
10
      bit about your education quickly, just -- it
11
      appears you graduated from Penn State with a
12
      Bachelor of Science in marketing; is that
13
      right?
14
                   It is.
            Α.
                   With a minor in business
15
            Q.
      logistics?
16
            Α.
                   Uh-huh.
17
                   And that was 1997?
18
            Q.
19
            Α.
                   That's correct.
20
            Q.
                   Okay. And then after entering
      the workforce, it appears you got an M.B.A.
21
      from University of Pittsburgh, correct?
22
23
            Α.
                   I did.
24
            Q.
                   That was in 2008?
25
            Α.
                   It was.
```

```
16
 1
           Q. Okay. So did you leave work to
     be a full-time student in the M.B.A., or were
 2
 3
     you able to do that while working at Giant
     Eagle?
 4
           A. I took night classes while
 5
 6
     working at Giant Eagle.
 7
           Q. Okay. In your role as
 8
      distribution operations manager, did you
     directly supervise managers underneath you,
 9
10
     so to speak?
11
           A. I did.
12
           Q.
                  And how many managers were
13
     under you at HBC?
                  MR. KOBRIN: Object to form.
14
15
     BY MR. BARTON:
           Q. How many managers did you
16
     directly supervise?
17
                  I'm trying to think. I think
18
19
      there was a minimum of three.
20
           Q.
                 Did any of those managers have
21
     exclusive responsibilities to the
22
     pharmaceutical area of the warehouse?
23
                  Not that I can remember.
24
           Q. Okay. Yeah, I just wondered
     if -- if there was someone who kind of had
25
```
